<sup>2</sup> Albania, Bosnia and Herzegovina, Faroe Islands, FYR Macedonia, Georgia, Iceland, Israel, Liechtenstein, Moldova, Montenegro, Norway, Serbia, Switzerland, Turkey and Ukraine.

- OTHER: to be specified by the submitter

Once you have submitted your upcoming event, STEM Alliance will

- confirm by email your submission was received and provide you information on the next steps to complete your participation to the competition
- disseminate your event through its official Twitter and Facebook accounts, and publish it on the STEM Alliance map.

Sep 2: **Organise event(s)** during the competition period, taking place from 26<sup>th</sup> September 2016 to 28<sup>th</sup> March 2017. Shape bright minds and bright futures with STEM careers – Organise one or several of the following activities:

- Organise a marathon on STEM jobs in your school
- Invite a professional from an industry or local company in your school to talk about STEM sector and careers
- Organise a poster presentation in your school on STEM topics
- Organise a visit in a company with your school
- Bring a researcher to your classroom
- Organise a visit to a science centre
- Or any other type of event to celebrate STEM Education and STEM Skills!

The aim of these activities should be the contextualisation of STEM teaching, career guidance, and the attractiveness of STEM jobs, raising the interest of students for STEM subjects and careers. We recommend you to:

- carry out the activities along with other STEM teachers in your school over the duration of the competition.
- add the STEM Alliance logo to your event material and to your website (if any).

Step 3: **Submit a report after your event**, through the link you will have received by email from STEM Alliance as a result of step 1. You will be asked to share a report with:

- detailed plan explaining how you prepared the event,
- how it was integrated in your classroom activity,
- how stakeholders were involved

- how many schools, teachers, pupils, companies, company's representative and other science and stakeholders were involved,
- the programme and materials from the event (poster, leaflet, lesson plan, etc...

## (2) To participate in the Video Category:

Step 1. **Create a short video** with a length of maximum 3 minutes or a presentation showing ways of stimulating and attracting students into STEM careers using school and industry collaboration activities, and how you connect your STEM lessons to real-life situations. While animations and presentations are also accepted as an entry, we will use the word "video" to refer to this category. You, as a teacher, will be in charge of publication. The language of use should be English.

Step 2. **Submit an entry** to *the Video competition form*: [here](#), sharing the URL to your video (YouTube, Vimeo, Twitter, Adobe Spark).

Once you have submitted you video, STEM Alliance will

- confirm by email your submission was received
- disseminate your event through its official Twitter and Facebook accounts.

## (3) To participate in the Scientix Community Category:

This category is organised in collaboration with [Scientix](#), the community for Science Education in Europe.

Step 1. **Register** the event you are going to attend as a 'Reporter' through *the Scientix Community competition form*: [here](#)

Step 2. **Attend a STEM education event** and disseminate about it through social media (Facebook or Twitter). These events should be organised in an international, national, regional or local level, but not organised by schools. Examples of events can be found in the Scientix portal at <http://scientix.eu/web/guest/events> and on the STEM Alliance page (<http://www.stemalliance.eu/b2s-competition-community>). The events should be face to face, where the participant needs to attend in person.

Step 3. **Post** on your public account on one of the following social media channels: Twitter, Facebook including the hashtag #ALLSTEMScientix and the hashtag of the event you are attending (if it exists).

If posting on Twitter, be sure to follow @stemalliance\_eu [https://twitter.com/stemalliance\\_eu](https://twitter.com/stemalliance_eu) and @scientix\_eu [https://twitter.com/scientix\\_eu](https://twitter.com/scientix_eu)

If posting on Facebook, **post at the Scientix Facebook** group *Science Teachers in Europe* <https://www.facebook.com/groups/ScienceTeachersEurope/> typing #ALLSTEMScientix and @STEMAllianceEU when posting.

All data must be posted/submitted by the end of 28<sup>th</sup> March 2017 in order to be eligible for the competition. **Please make sure that all links with relevant materials are available for view and download until the end of the evaluation phase (see more details in annex 1. Copyrights and legal issues).**

IV. Entry Restrictions: There is a limit of ten events (for the Event Category) and five videos (for the Video Category) submitted per person. There are no limits in the number of posts for the Scientix Community Category. The same person can participate in all categories. DO NOT post/submit the same event (for the Event Category) neither video (for the Video Category) more than once. A given social media or e-mail account may only be used by one person to participate in the competition. Any dispute as to identity any of the prize winners will be resolved by STEM Alliance in its sole discretion.

IV. Content Restrictions. Submitted content must comply with the following criteria:

- (a) Content must be original and not copied, as a whole or partly, from any other source;
- (b) Content must be truthful;
- (c) Content must not violate the rights of any third party;
- (d) Content must not be inappropriate or unfit for publication (e.g., include nudity, obscenity or hate speech);
- (e) If your submission shows faces, please be aware that you must be in possession of the signed authorisation of all persons appearing in the videos and/or pictures. For underage students you must, in addition get their legal guardian agreements before using their images.

The authorisation form template is downloadable from the competition page:

<http://www.stemalliance.eu/b2s-competition>. (This restriction only affects the Events and Video categories).

Please be aware that EUN will request signed authorizations for all persons appearing on your video/image submitted to the competition if the submission is selected to be published on the portal (short-listed and winners).

VI. Licence of the content: Entrant accepts that the submitted content follows a Creative Commons License of Attribution-ShareAlike 4.0 International (CC BY-SA 4.0). Details of this license can be found at: <https://creativecommons.org/licenses/by-sa/4.0/>

Please be aware that in order to use any copyrighted material – images, music, video – you need to be in possession of the permission of the author in written form. EUN reserve the right to request clarification on the copyrights of the materials submitted to the competition. Please read carefully full details in the **annex 1. Copyrights and legal issues**.

VII. Selection of Winners:

**For the Event Category and the Video Category:** At the end of the submission period, STEM Alliance evaluators will select 10 Event submissions and 1 Video submission as winners based on the following criteria:

1. Relevance to STEM topic and accuracy of the knowledge presented.
2. Originality of entries, pertinence, novelty, creativity and didactical approach, will all be taken into account during the evaluation process. All works should be creative, interesting, attractive and in any other way original.
3. Pedagogical Value: Clear goals and objectives, motivation, presentation of resources, specific learning tasks, adaptability to individual needs will be taken into account during the evaluation process. Impact of the actions undertaken by teachers and students. Judges will be looking for evidence of successful knowledge transfer.
4. Relevance of the actions designed and implemented within the project. Contributions should demonstrate a clear link to the competition's requirements.

Moreover, the jury will also consider if the actions undertaken are compatible with students' age group.

5. Clarity of ideas and conclusions, explaining in a clear way, demonstrating a good understanding of the theme and conveying convincing implementation methods, solutions and messages.

6. Effective communication of the project and its results.

7. Presentation of entries, style, layout, design and good use of technology will be considered.

We will focus on the involvement of relevant stakeholders (e.g. companies, science and research centres, educational authorities, municipalities, and/or parents) which bring an added value to the STEM activities featured in the event. Submissions will be judged based on the effective participation of public and/or private organisations and their integration in the process.

The STEM Alliance jury, composed of companies and education stakeholders, can decide to leave a prize empty in a category or sub-category.

#### Public vote video award

STEM Alliance will post the video on STEM Alliance official Facebook and Twitter accounts. An additional award will be given to a video with the largest public support on these official accounts. Votes on other accounts will not be taken into account.

The video will be selected using the amount of retweets or likes on Facebook to measure its popularity. If any of the most voted submissions are not eligible, the next one with more retweets/likes will be selected.

**For the Scientix Community Category:** The award for this category will be for the participant who, by 28th March 2017 has done the best coverage of STEM education events. The STEM Alliance team in collaboration with Scientix will select a winner taking into account the amount of material published and its quality.

VIII. Notification of Winners: Potential winners will be contacted by STEM Alliance via the contact information provided in the submission forms.

In all cases, in order to remain eligible to win a prize, winner must respond to the winner notification contact (i.e., email or comment, as the case may be) and commence the prize claim procedure within 72 hours of transmission/posting of contact. In the event of noncompliance with these requirements, if potential winner cannot be reached for any reason (including failure to receive or respond to contact for any reason) or if potential winner is determined to be ineligible or otherwise in violation of these Terms and Conditions, he/she shall be disqualified and forfeit the prize. In case of prize forfeiture, alternate winner(s) will be selected.

#### 10. Prize.

Winners will be invited to a special awards ceremony attended by high-level partners, company representatives, and public figures.

STEM Alliance will organise and cover the winners' flight to/from the award ceremony (up to 500 EUR), accommodation (maximum one night).

Prizes will be limited to only one person per winning submission, the one that submitted the content in his/her account. No prize substitution is allowed.

Flights will be only covered for countries of the European Union and H2020 associated countries.

European Schoolnet / STEM Alliance will not reimburse any airline tickets purchased individually. Any other costs like to/from airport, local transport and/or travel insurance is at the participants' expense

11. Releases: By accepting a prize, the winner allows STEM Alliance to use his/her name to disseminate the results of the competition. In case of any problems during the running of the competition, STEM Alliance keeps the right to modify any of the previous conditions.

{The promotion is in no way sponsored, endorsed or administered by, or associated with, Facebook or Twitter}

# Annex 1. Copyrights and legal issues

All participants must comply with European and national laws including but not limited to copyright laws, legislation prohibiting the publication of any defamatory, discriminatory or other illegal content or any other similar laws.

The “All-STEM, all-stars” Competition (“the Competition”) is organized by EUN Partnership aisbl (“Organizer”). By registering and uploading content, contestants declare that the content submitted is their original work and creation. The Organizer does not assume any responsibility for disputes between persons claiming copyrights of content. By registering and uploading content, each contestant declares that the content does not infringe any third party rights and that they have obtained all necessary rights and licenses from third parties for the use of any materials. Contestants may not use any music that is not in the public domain or for which they have not acquired the necessary rights and licenses. The contestants will be fully responsible to the Organizer for any breach of the conditions contained in this disclaimer and, in particular, will hold the Organizer harmless from any actions brought by third parties.

The Organizer reserves the right to exclude proposals submitted for the Competition if it comes to their knowledge that there are copyright infringements or the content contains defamatory, discriminatory or other illegal material or does not comply with national legislation.

By registering and uploading content, the contestants agree that the Organizer shall have the right to make the content freely available for educational purposes on the web, CD-ROM or in any other media format for a period of three years starting from the date of the close of entries for the Competition.

By registering and uploading content the contestants declare that all identifiable individuals in their entry consented to the use of their image/performance, the submission of the content in this competition, and the use of the content by the Organizer for educational and promotional purposes in all media formats, including the web, for a period of three years from the date of the close of entries for the Competition. Contestants declare that the individuals who have provided content for their submission will sign all necessary documents granting the Organizer, if required by it, the rights free of charge to use the content as indicated above.

For promotional purposes, the winners at national level will have to make available a presentation for the Organizer of their entry in a publicly available format, e.g. a trailer, teaser, screenshot etc. By submitting their content, contestants declare their agreement that the Organizer may freely use this presentation in all media formats in its promotional activities of the award. The Organizer shall have complete discretion as to how they want to claim and exercise these rights.

# ANNEX 2. PHOTO/VIDEO PERMISSION FORM

## Project description – Context

The STEM Alliance (<http://www.stemalliance.eu/>) is an international initiative that aims to increase the links between STEM education and careers by involving schools throughout Europe. With the support of ten major industries and private partners, the STEM Alliance joins forces to improve and promote existing industry-education STEM initiatives and contribute to innovation in STEM teaching and learning. The STEM Alliance is jointly coordinated by European Schoolnet and CSR Europe.

European Schoolnet ([www.europeanschoolnet.org](http://www.europeanschoolnet.org)) is a network of 30 Ministries of Education in Europe. European Schoolnet was created more than 10 years ago to bring about innovation in teaching and learning for its key stakeholders: Ministries of Education, schools, teachers and researchers.
